EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Walter Hackler on September 19, 2005.

The application has been amended as follows:

The last line of claim 1 on page 2 of the specification now reads:

“detector (25), by which a wavelength-dependent separation of the”

DETAILED ACTION

Allowable Subject Matter

Claims 1-11 allowed.

The following is an examiner's statement of reasons for allowance:

As to claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious a low coherence interferometric apparatus for scanning an object including: a variable wavelength selection device is positioned in the light path of the detection light between the beam junction and the detector, by which a wavelength-dependent separation of the detection light is performed in such a manner that the detector selectively receives preferably light with wavelengths which correspond to a predetermined sequence of wavenumbers k , and different sequences of wavenumbers k can be set for varying the scan position along the scan path, in combination with the other limitations of claim 1.

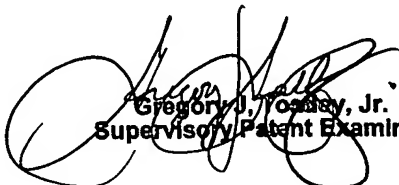

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrick J. Connolly whose telephone number is 571.272.2412. The examiner can normally be reached on 9:00 am - 7:00 pm Monday-Thursday.
